

FIVE
WORDS
THAT
CHANGED
MY
LIFE

Thanks,

Matthew and Christopher

Dear Friend,

Thanks for picking up this report.

It's my intention that it brings you to a higher level of thinking & living - and that you are inspired and empowered beyond belief with what you learn.

What you're about to learn is responsible for creating a new self-image within myself - one that is unstoppable and can accomplish anything.

It has allowed me to take action even when I was afraid - knowing this "truth" has improved each area of my life that I use it in.

I sincerely hope it does the same for you and that you benefit greatly.

All the best!

Matthew

Five Words That Changed My Life

Well, this is what the report is all about, so I'll present them right away, and then we'll discuss how they apply to your life - how I came across these special words and how you can create a new self-image with them!

=====

GOD BECAME MAN IN ME

=====

Yes, those are the five words that changed my life in so many ways. Speak them out loud and really feel the power in them.

The basis of this affirmation is the divinity in man. We are all spiritual beings and our potentiality is that of perfection. We are not simply born of chance, put into a world without meaning - just trying to make a living until we die...

We were intentionally created - we are God manifested into human form. Religious people seem to have a problem with this... Many believe "oh well, only Jesus was God who became man"...

Yes - but WE are also all the sons and daughters of God. We are so special and loved that God has actually become man in us. Isn't that exciting?

You have divine potential within yourself. Another interesting point to bring up as far as the religious argument goes - is that we shouldn't be making ourselves out to be "gods". Yet, Jesus himself said that we are gods among gods. That we would do things greater than he did.

This perfection is our birthright - within ourselves we have everything we need to have the kingdom. Understanding the divinity of man has allowed me to realize that every person is a human in process - to see people from a spiritual viewpoint that they are in process to their own greatness.

For example, an acorn contains the SEED & potential of an oak tree. The human being contains the SEED & potential of an entire kingdom! If you don't believe that you are a divine, child of God - begin to act as if it's true.

Look past the physical appearances in people. We judge others by how they come across - it's not fair - it's the way we are as a whole. However, we can break free from this and choose to substitute it for a higher level of conscious awareness. To see the spiritual in man - instead of just the physical.

Like when you look at a seed, you can see the potential of what it is to become. Train yourself to look at man as the potential of what he or she can become. This allows you to remove judgment and bring them love and support and acceptance knowing that they truly are gods.

Anthony de Mello puts it beautifully in his observation:

Why is everyone here so happy except me?

"Because they have learned to see goodness and beauty everywhere," said the Master.

Why don't I see goodness and beauty everywhere?

"Because you cannot see outside of you what you fail to see inside."

Go beyond just positive thinking by BECOMING this God-force that's already within you. Become aware of this great power that you already have within you. You are loved. You are the Son of God!

God Became Man In You!

You have the ability to access this divinity in yourself - by acting as if you are already a divine being. See this divinity in others - because you can't see something in others that you don't see in yourself first.

You'll begin to see yourself in an entirely new light.

Whenever you feel powerless or discouraged, or worried or afraid know that God became man in you. Tell yourself this. Let go and let God take care of your problems. He is in YOU. He is part of you.

Fear and worry is a message saying to God, your higher self, the universe whatever you want to call it "that you can handle things on your own - and that you don't need the help".

When you see yourself as in total unity and harmony with God - you'll want the best for yourself. You'll attract better opportunities; you'll treat yourself with more respect and kindness - as well as to others.

This whole belief comes from the teachings of Jesus. Whether you believe or not - he came to teach in the divinity of man - and that everyone can become like he was. That those who follow will do things greater than even he did.

Never settle for less than you are. Remember, "God Became Man In You". Your potential is totally unlimited. If you feel like you can't do something - ask yourself - could God do this?

Surely the answer is YES!

If the answer is Yes for God - and God became man in you... then surely the answer for you is also YES!

Don't let fear or worry stop you. You can do ALL things. God became man in you! Isn't this exciting to know? You can do all things with the same power and excellence that every other great man or woman has used to accomplish.

The way you look at others is a reflection of how you see yourself. You see on the outside what you see in yourself. When you notice someone judging you or something else, they are really judging some part of themselves that they think is wrong.

I think we've all been through this. When you did something that you thought was wrong - and then you condemned it in another person. The truth is you are condemning yourself for what you did - not the other person. You just don't want to admit it.

You lack nothing.

You have everything inside yourself. Change your thinking and know that God isn't without you. Don't pray to God begging for more money, or the right people to come along, or whatever. That power is already within you, and you have the ability to create more money, to find the right people, you have the power to do all these things!

Don't depend on an outside source. It is all already within yourself, you just have to find it. Look deep, look hard, get hungry and take action!

Remember, always - God became man in you! "God became man in me". Tell yourself over and over and over.

Take care!
Matthew Bilt
